Journal of Enterocolitis

AIMS AND SCOPE

Journal of Enterocolitis (J Enterocolitis) is a scientific open access, online-only periodical published in accordance with independent, unbiased, and double-blinded peer-review principles. The journal is published triannually in April, August, and December. The publication language of the journal is English.

Journal of Enterocolitis aims to contribute to the literature by publishing manuscripts at the highest scientific level on inflammatory bowel diseases. The journal publishes original articles, review articles, case reports, and letters to the editor that are prepared in accordance with ethical guidelines. The scope of the journal includes but is not limited to celiac, infectious enterocolitis, ischemic enterocolitis, microscopic colitis, mucous colitis, microbiota, nutrition and probiotics, eosinophilic enteritis, ulcerative colitis, Crohn's disease, lymphoma, and diarrhea.

The target audience of the journal includes specialists, researchers and professionals who are working and interested in the field of inflammatory bowel diseases.

The editorial and publication processes of the journal are shaped in accordance with the guidelines of the International Committee of Medical Journal Editors (ICMJE), World Association of Medical Editors (WAME), Council of Science Editors (CSE), Committee on Publication Ethics (COPE), European Association of Science Editors (EASE), and National Information Standards Organization (NISO). The journal is in conformity with the Principles of Transparency and Best Practice in Scholarly Publishing (doaj.org/bestpractice).

Advertisement Policy

Journal of Enterocolitis can publish advertisement images in the journal's website upon the approval of the Editor in Chief. Potential advertisers should contact the Editorial Office. Advertisers have no effect on the editorial decisions or advertising policies.

Disclaimer

Statements or opinions expressed in the manuscripts published in the journal reflect the views of the author(s) and not the opinions of the editors, editorial board, and/or publisher; the editors, editorial board, and publisher disclaim any responsibility or liability for such materials.

Open Access Statement
